The Sullair LSR-16 Air Compressor
Designed for the Rental Industry.

Ideal for:
- Emergency air
- Standby air
- Supplemental air
- Peak load shaving

Rugged Package Design
- Self-contained package
- Cold weather protection
- Suited for use outdoors
- Oil field skid
- Fork lift pockets
- Heavy-duty sound-attenuated enclosure
- Easy-access doors
- Heavy-duty air inlet filter
- Air-cooled or water-cooled packages

Total Versatility
These rental models are available with variable speed drive. The variable speed drive provides each compressor model with energy savings and a wide range capacities and pressures.

User-friendly, Rental-ready Features Include:
- Built-in circuit breaker
- Fully automated controls
- Cam lock connections
Energy Savings and Features are Built-In to the Sullair LSR-16 Electric Rental Package

Energy Savings
Energy savings are derived from:
• Variable speed drive
• Premium efficiency TEFC flanged mounted motor

Compressor Controllers
• The LSR-16 features the Sullair Supervisor™ Microprocessor Controller

Total Flexibility to Meet a Variety of Specifications
• 14 models in one compressor
• 149 to 351 acfm range
• 100 to 175 psig range
• Operating temperature range of 120°F to 20°F

Plus These Additional Sullair Features:
• Multi-stage air/fluid separation
• Low fluid carry-over—1 ppm maximum
• Spin-on fiberglass fluid filter
• Helical design drive gears
• Biodegradable Sullube™ 8,000-hour fluid
• Bearing fluid reservoirs
• HERESITE® coated coolers
• Fluid containment pan

The paper used in printing this literature was manufactured using recycled fiber; either pre-consumer or post-consumer waste, therefore less harmful to the environment because less virgin fiber is used, thereby reducing tree harvesting, water usage, energy consumption, emission of greenhouse gases and pollution.
